Clerk- Stacey Sparrow

Chief of Police: Marc Marshall

## Members of Public- 2

Call to Order: 7:00pm

Pledge of Allegiance

Invocation- Councilman Barry Downing

Budget Workshop:

The purpose of the budget workshop was to discuss the additional funding for the Cheriton Police Department. The additional funding would be needed to purchase the ID Networks computer and software systems that all Northampton County police departments are transitioning to. This system is used to do electronic summons and help reduce radio traffic for the sheriff's department along with reporting all crimes to the State police for incidents.

After discussion of the program and funding options the council wanted Mayor LeMond to bring a few things back to ID Networks for answers, 1. When does the system become antiquated and when will it need to be updated after the initial purchase along with the cost of that. 2. What would happen to the system if the town decided they no longer want it after a few years? Mayor LeMond agreed to send the correspondence to the ID Networks administrators for answers.

The council came to general consensus that once answers from ID Networks came back they feel like the system can and will be intergraded into the 18/19 budget.

The next meeting of council will be June 27<sup>th</sup>, at 7pm.

Beings no further items of council Wesley Travis made the motion to adjourn, it was 2<sup>nd</sup> by Barry Downing and was unanimous.
